

Travel Information

Families are responsible for the cost and scheduling of all travel to and from the campus, including ground transportation. Students should plan to arrive at either the Oakland (OAK) or San Francisco (SFO) airport. If a student is travelling alone, Oxbow recommends they use [Evans Transportation](#) that provides shuttle service from OAK or SFO to its terminal in Napa. (Other ground transportation options are listed below.) There is a 1-way cash fee for transportation from the airport to the Napa terminal. Please check the Evans website for updated information in relation to schedules and associated costs. The Oxbow faculty will meet students at the Napa terminal and shuttle them to the Oxbow campus. In the event that ground transportation is not available due to the pandemic, the faculty will arrange for direct pickup from the airport if a student is travelling alone.
